DIRECTIONS:

Print Page 1.

Put the paper back in with the same orientation, but make sure the paper is flipped over to print the backs.

Depending on your printer, this may take a few tries! It helps if your printer supports double-sided copies.

If you print them out on heavy paper they may last longer.

Laminate if possible for better wear.

IDEAS FOR USING THE CARDS:

These are just a few suggestions for using these cards. Come up with your own ideas to get even more fun and use out of them.

- **KNOW YOUR COLORS & SHAPES:** Draw a card. Practice saying the color and shape words on the cards. Check your answers on the back.
- **SORT YOUR WORDS:** Say the words and sort them into categories, like: light colors, dark colors, rounded shapes, shapes with pointy corners, etc... You make up the categories.
- **COLOR SEARCH:** Look in an art book or magazine. Find as many of these colors as you can in the pages/pictures. Keep two piles of the cards, 1 for the colors you found and 1 for the colors you did not find. Or, display all the cards on the table. As you search and find them, turn them over.
- **SHAPE SEARCH:** Look in an art book or magazine. Find as many of these shapes as you can in the pages/pictures. Keep two piles of the cards, 1 for the shapes you found and 1 for the shapes you did not find. Or, display all the cards on the table. As you search and find them, turn them over.
- **USE YOUR WORDS:** Choose a card at random. Say something that is the color or the shape you chose.
