HOW TO MAKE THESE CARDS:

Print these cards in color if possible. Laminating or printing on heavy gauge paper will prolong their usability. You can print using the backs if you want. Test a page or two first to see if margins line up.

Cut the individual cards out, shuffle.

GAMEPLAY:

- **SHUFFLE:** Shuffle the cards.
- **DEAL:** Deal 5 cards to each player.
- **TURNS:** Take turns calling out, “Do you have any...” If the person being asked has that card, they must give it to the asker. This should make a pair. Put the cards on the table.
- **DRAWING CARDS:** If the person being asked does not have the card asked about, they say, “Go Picking.” and the asker draws a card. If you draw the same card that you asked for, take a **BONUS TURN!** If not, the turn passes to the right.
- **PAIRS:** Whenever you get a pair, you must lay it down. Once it is laid down, it cannot be asked for or taken.
- **END OF PLAY:** When one person is not holding any more cards, the game is over. Tally scores.
- **SCORING:** You get 1 point for each pair you made. For each card left in your hand, you get -1 points. You can go below 0. Whoever had the least points gets to start the next round.
