

COUNTING TO FIVE ICE CREAM CARDS

counting to five ice cream cards

www.littlelearninglabs.com

DIRECTIONS:

Print the cards and cut them out on the dotted lines. You have 2 sets of ice cream cards. If you print them out on heavy paper they may last longer. Laminate if possible for better wear.

IDEAS FOR USING THE CARDS:

These are just a few suggestions for using these cards. Come up with your own ideas to get even more fun and use out of them.

- **COUNTING TO FIVE:** Practice counting to 5 by arranging the cards in order and showing them to a student to identify.
- **SORT YOUR CARDS:** Give a student all 5 cards and have them arrange the cards in proper ascending or descending order. Then they need to say the numbers.
- **ICE CREAM MATCHING:** Match the waffle cone to the sugar cone with the same number of ice cream scoops. Practice saying the numbers.
- **ICE CREAM MEMORY:** Flip the cards over. Do a memory card game to match the proper amount of ice cream scoops.
