# my favorite things cards

[www.littlelearninglabs.com](http://www.littlelearninglabs.com)

## DIRECTIONS:

Print these cards. If you print them out on heavy paper they may last longer. Laminate if possible for better wear. Cut them out along the dotted lines. A blank page has been included.

## IDEAS FOR USING THE CARDS:

These are just a few suggestions for using these cards. Come up with your own ideas to get even more fun and use out of them.

- **EVERYONE SHARE:** Draw a card. Go around the circle/room to give everyone a chance to share. Repeat with more cards.
- **SHARE AND WRITE:** Draw a card. Write your answer to the my favorite thing is... and then share. You can share 1-5 at a time. Compare to see who has similar answers.
- **SHARE AND GROUP:** Draw a card. Everyone offers their answers. Then they stand up and group together to show who had similar answers.
- **SHARE AND GRAPH:** Draw a card. Get answers and make a pictograph or bar graph to show which answers are most common.
