

SHAPES PATTERN TRAINS

DIRECTIONS:

Print out the train cars, in color if possible, but B&W copies are included. Printing on heavy paper and/or laminating will increase the life of these pieces. Cut out each piece along the dotted lines. Print out multiple copies for longer trains and more fun!

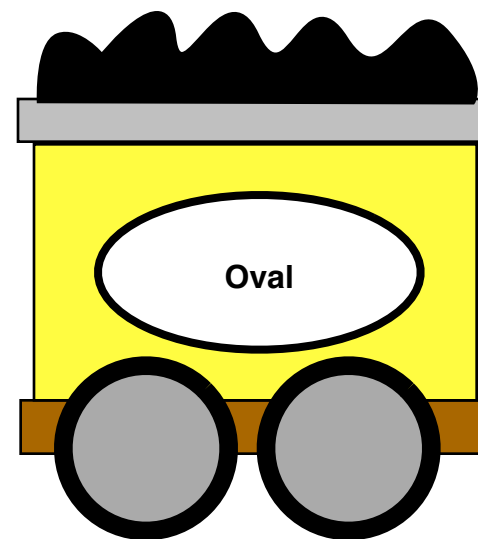

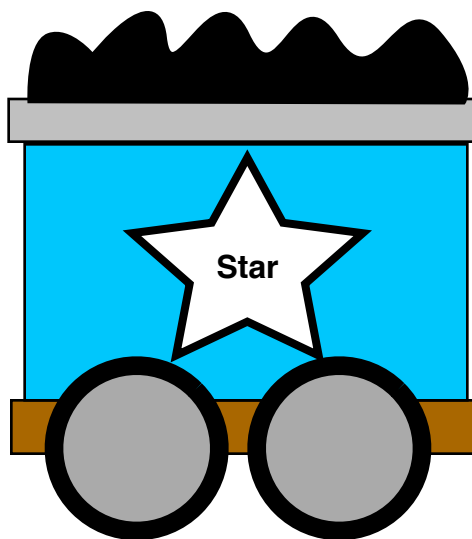

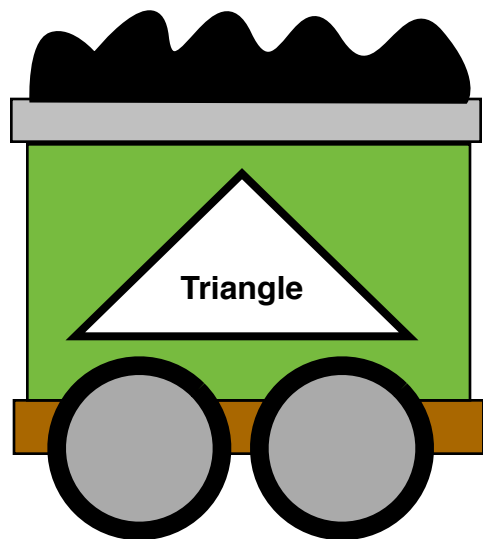

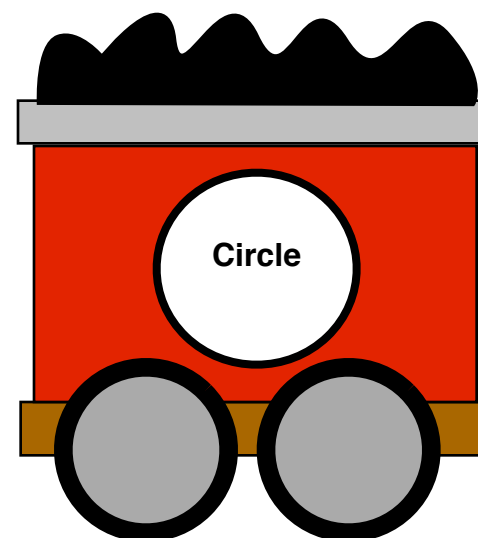

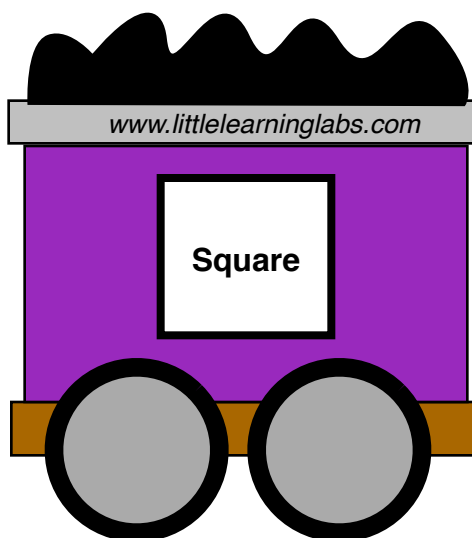

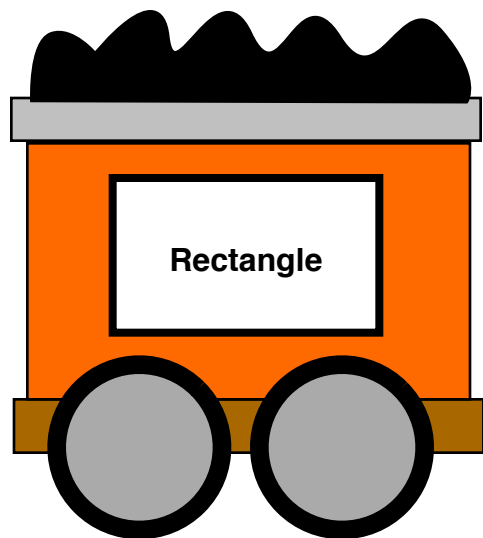

HOW TO USE:

Shapes Trains: Print out several copies. Make a repeating pattern of 2-6 colors. Have students duplicate the pattern. Note that some copies in color or B&W do not have the shapes words on them. You can use the ones with or without the words or both.

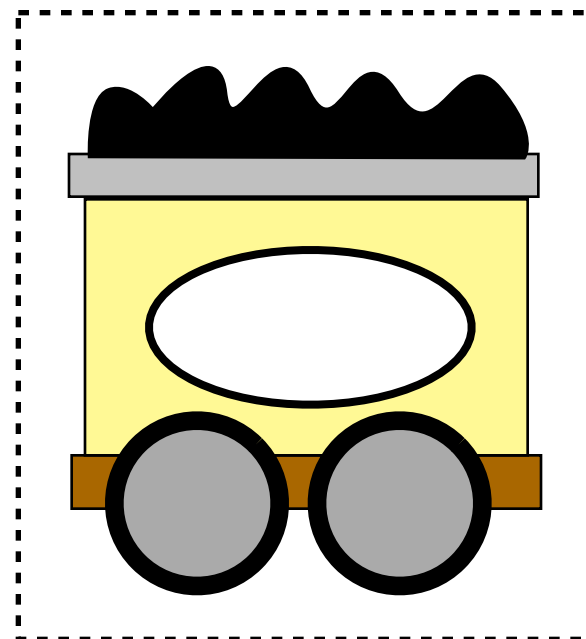

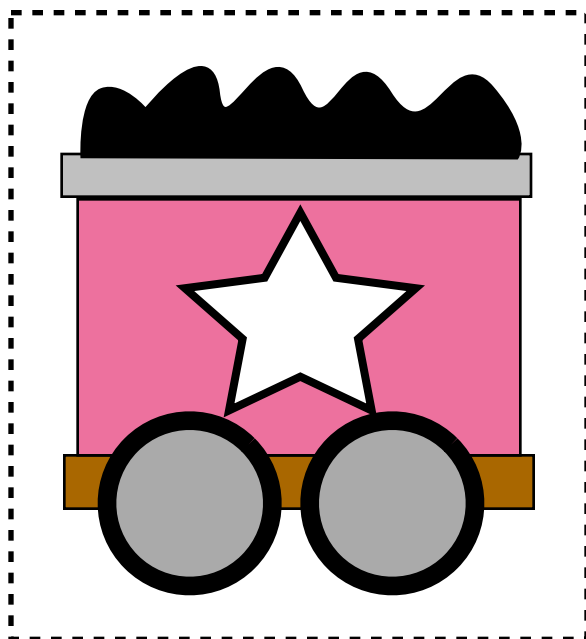

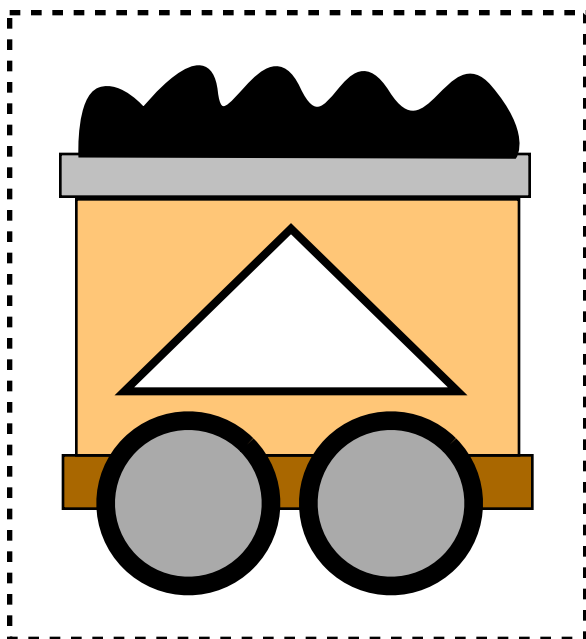

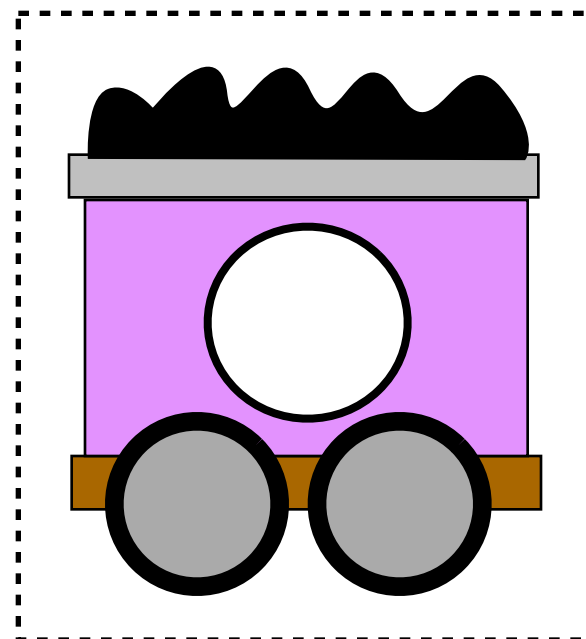

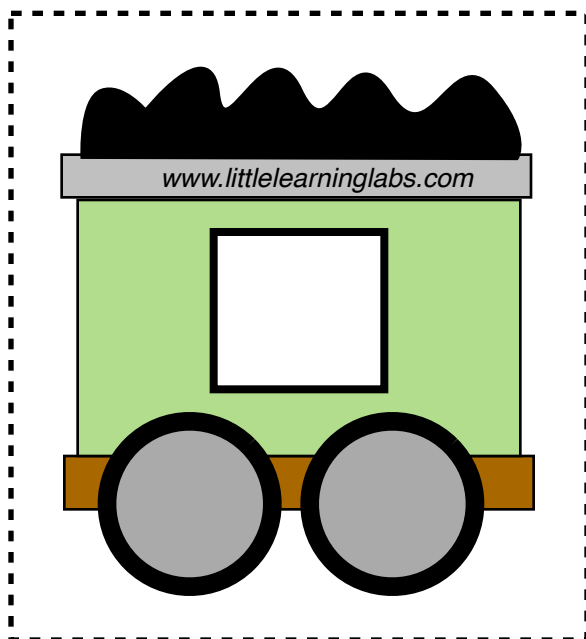

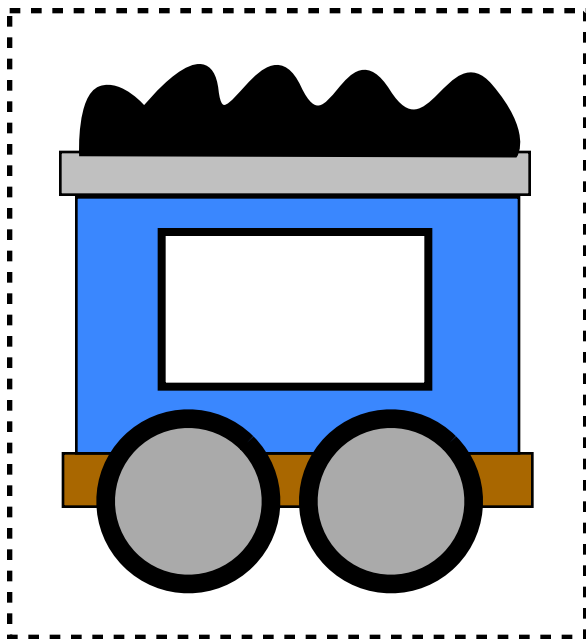

Advanced Shapes: A second set of 12 shapes train cars has also been included. You can use those to practice more complicated shapes recognition and patterns.

Blank Trains: Do any of the above strategies, but arrange them in order, leaving a few blank. Students must guess or fill in what they think belongs in the blanks to properly finish the pattern trains.
