

Off to the Traces!

Trace the shapes. Then cut them out. Sort them into the boxes on the next pages that best describe them.

ROUND

POINTY

SQUARE

curved

both

straight

Few sides

Many sides

Symmetrical

Non-symmetrical

Concave

convex

Right angles

No right angles

Parallel sides

No parallels

DIRECTIONS:

Trace and cut out the shapes from the front page. Then practice sorting them out into the categories on the other pages, using one page at a time. You don't have to cut out the category sorting pages. Resort them on the other pages, too.

ACTIVITIES:

After tracing and sorting these ones, practice drawing some of your own shapes.

Make up more shapes to sort onto the category pages.

Practice your colors by coloring and/or tracing each oval in a different color.

Try drawing your own pictures using mixtures of these shapes.
